Showing Construction of Interlocking Cement Stave Silo.

We claim that the Interlocking Cement Stave Silo is the best –

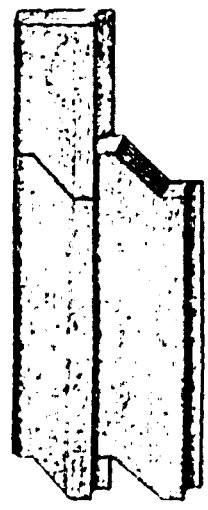
BECAUSE it is air tight and water proof and will preserve the silage perfectly under all weather conditions.

It is a permanent silo, and grows stronger with age.

It cannot be destroyed by fire, and is strong enough to resist any wind except a regular cyclone.

It is acid proof.

It will require no attention to keep it in perfect condition.



It carries its own life and fire insurance.

It will freeze as little as any Silo on the market.

It sells for less than a good wooden silo, and will last forever.

The first cost is the total cost; no expense for repairs, painting and attention of hoops.

THEREFORE if you want the best and cheapest Silo made, get the Interlocking.

Introductory

R. L. Polk & Co.'s twenty-second edition of the Des Moines and Valley Junction Directory, herewith presented, more completely represents the growth and resources of this community than any other medium. It also keeps this record of material facts continuously before the public,—our own people, strangers coming to the city and the people of the many other cities to which it goes—as no other publication does or can.

City Directory--"DON'TS"

DON'T put your directory in an out of the way place, but keep it in a place that your customers can see and use it without stopping some ONE to find it.

DON'T think that a directory is paying for itself unless you use it, any more than an idle clerk can make you money.

DON'T look mad when a customer asks to look at your directory.

DON'T look happy when a neighbor wants to borrow your directory, for if you do, he will borrow again and if all were borrowers, when would the next Directory be published?

DON'T forget that an up-to-date City must have a Directory and a merchant that has no DIRECTORY is what?

DON'T forget that a Directory borrower to-day will forget to return it to-morrow and you call him what?

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for. What do you call him?

Printing

OUR establishment, where we have our own corps of artists and designers and are equipped for printing high class advertising literature, books, catalogs, commercial forms and stationery of every kind, enables us to render you a complete printing service that relieves you of all detail work in connection with it and guarantees the delivery of a finished product that will be forceful, attractive and business compelling.

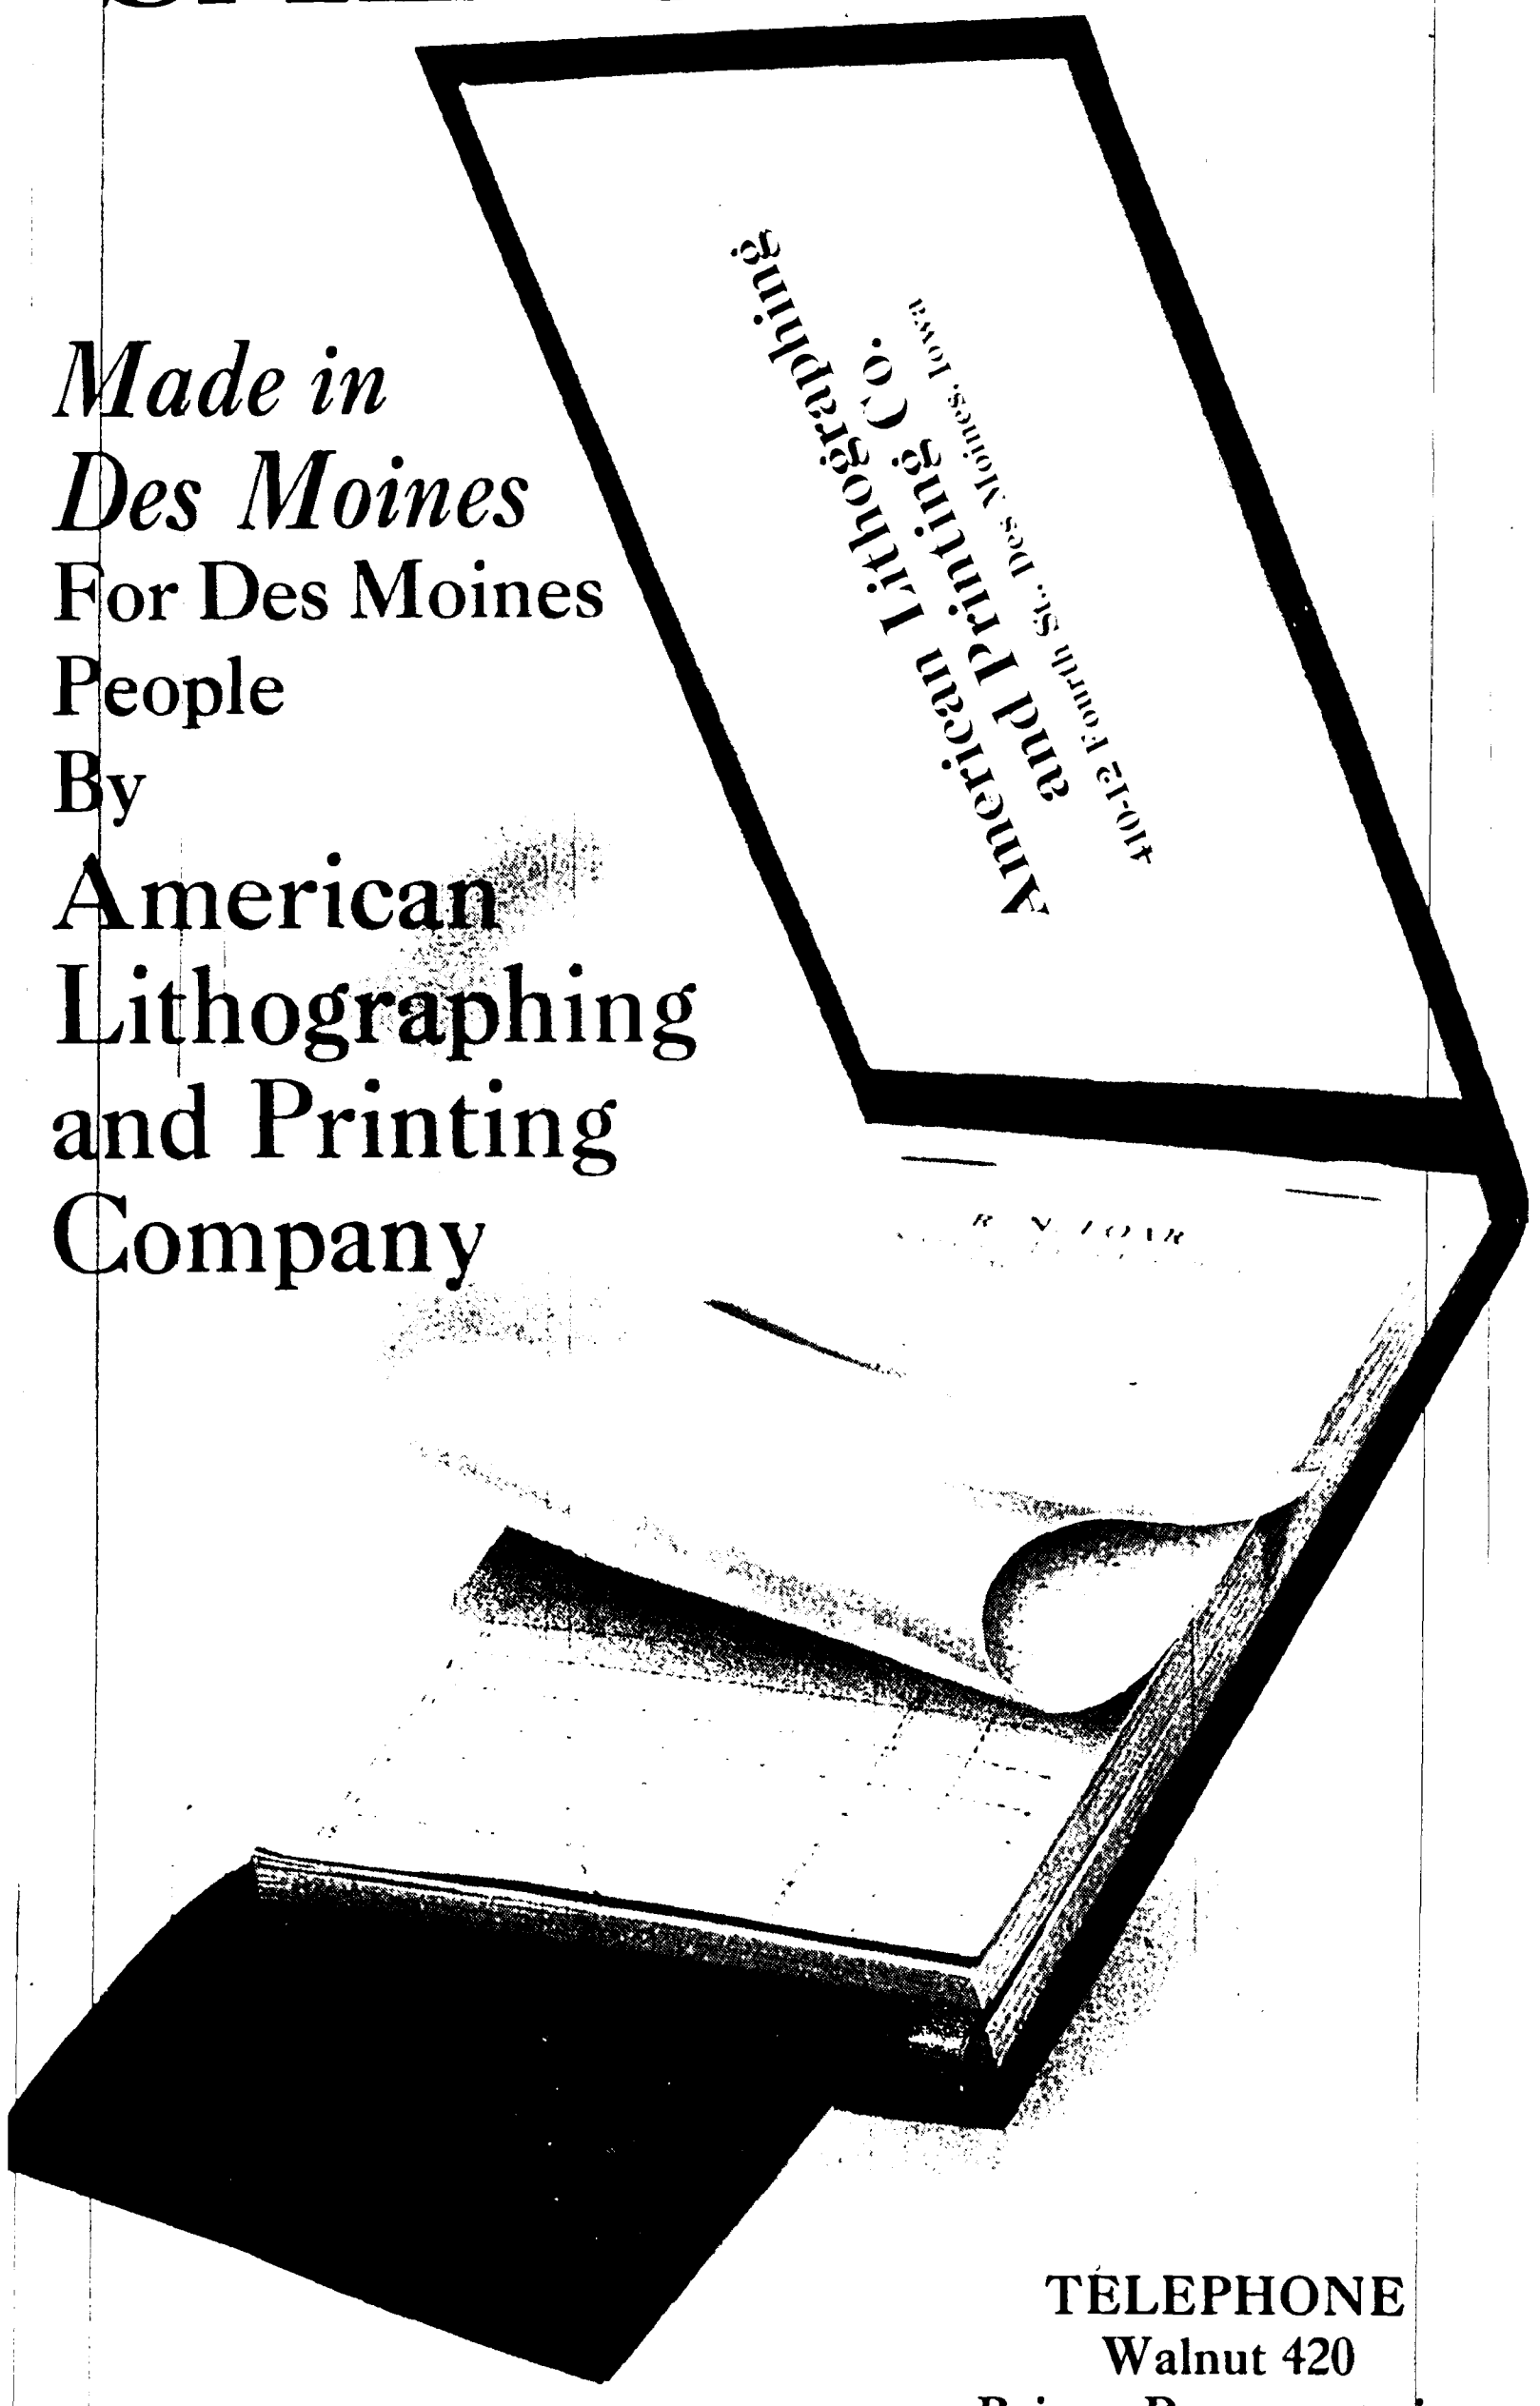
The 'Phone will bring our man to you.

Lithographing

THERE is no lithographing house with superior facilities for doing high grade bank, insurance and commercial lithographing. If you will drop us a card or 'phone us we will show that we are able to do a superior class of this work.

Sales Books

WE make duplicating sales books and are prepared to deliver any quantity on short notice. We are equipped with automatic machinery of our own invention that enables us to sell these books at low prices. The fact that we are located right here in Des Moines enables you to buy this class of work on a much more satisfactory basis than you have ever been able to do before. We specialize on grocery and butcher shop sales books, although we are in position to furnish you any special form that may be required.



We are the only house in the state of Iowa that is equipped to do this work, and as such we would like the privilege of submitting our prices and qualities for your next order. Let us talk to you about it.

The Keeley Cure, 706 Fourth Street, Des Moines, Iowa. Established Twenty-three Years

Cures Nervousness and Craving for Liquor, Drugs and Tobacco

Alcohol paralyses the nerves, impairs the function of the brain cells and their diseased condition is the result. The Keeley Cure recognizes this diseased condition. The general health improves from the beginning, the nervous system is built up, the nerve cells restored to their original unimpoisoned condition, and the craving for alcohol eliminated.

The Keeley Institute at 706 Fourth St., Des Moines, Iowa, is the only Keeley Institute in Iowa, and the only place in the State of Iowa where the
